

**FEDERAL**  
SERVICES

PLURIBUS UNUM

# HANSON IS READY TO SERVE.

Hanson is a trusted resource to federal government agencies, including the U.S. Army Corps of Engineers, National Guard Bureau, U.S. Department of the Army, U.S. Marine Corps, U.S. Air Force Center for Engineering and the Environment, U.S. Department of Energy, U.S. Department of Veterans Affairs, FEMA and USAID. Our experience, services and hands-on commitment to your needs make us a wise choice for your next project.

Partnering tried and true techniques with technology, Hanson specializes in land and hydrographic surveying; GIS and mapping; geotechnical engineering; structural and geotechnical engineering; hydraulics/hydrology; civil and site development; architecture; and mechanical and electrical engineering.

## Trust our years of experience for your civil works projects.

Hanson's civil works experience includes studies and designs for:

- locks and navigational structures
- dams
- closure structures
- roads and bridges
- railroads
- airfields
- pavements
- flood and disaster damage recovery

We'll help you meet your energy and sustainability requirements.

A corporate member of the U.S. Green Building Council, Hanson can help you meet your sustainability goals and requirements.

From material reuse to building retro-commissioning to renewable energy projects that may incorporate geothermal, solar and wind, we have the experience you need. Hanson also has LEED®-accredited individuals on staff to help you plan, design and commission your facilities.

# Get results out of every phase of your project

Working across the U.S. and worldwide, we're committed to helping you achieve project success.

We provide and design:

- master planning and programming reports
- service and maintenance support facilities
- readiness and reserve centers
- multiuse and training centers
- ammunition depots
- communications and data center facilities
- hangars and specialty buildings
- emergency power generation systems
- Anti-Terrorism/Force Protection components/implementation

Progress requires more than experience. You need a trusted adviser on your team,  
one who looks out for you and anticipates your needs.

Your challenges demand innovative solutions. Hanson isn't just responsive —  
we're dedicated to solving problems and building a better world.
